

# 2010 SMALLWORLD™ CONFERENCE AGENDA

## WEDNESDAY 03 MARCH 2010

16.00 - 18.00	Smallworld EMEA Registration - WINTERTUIN
18.00 - 21.00	Opening Reception & Exhibition - WINTERTUIN

## THURSDAY 04 MARCH 2010

07.00 - 08.00	Breakfast - RESTAURANT DE ORANGERIE					
08.00 - 09.00	SMALLWORLD EMEA REGISTRATION AND EXHIBITION - WINTERTUIN					
09.00 - 09.05	Plenary Session - Moderator Paul Barron, GE Energy					
09.05 - 09.15	Welcome to Benelux by Mark Elborne, GE National Executive					
09.15 - 09.45	Mobile Smart Grid - A Revolution to Sustainability by Jan Peters, Enexis					
09.45 - 10.05	Business Value (ROI) from GIS based Investment by Ross Smith, PA Consulting					
10.05 - 10.30	Smart Grid Applications and Recent Deployments by John McDonald, GE Energy					
10.30 - 11.00	Exhibition & Coffee - WINTERTUIN					
11.00 - 11.30	Update from General Manager for Smallworld Business by Martin Ansell, GE Energy					
11.30 - 12.00	Smallworld Solutions and the Smart Grid by John Eason, GE Energy					
12.00 - 12.30	What a Successful Service Management Software Implementation Looks Like by Stuart McHenry, Innsolve, UK					
12.30 - 14.00	Lunch & Exhibition - WINTERTUIN					
14.00 - 15.30	Smallworld's Competitive Edge for Better Processes, Better Business, and a Smarter Utility Moderator Ingo Denkwitz, GE Energy KROON ROOM					
14.00 - 15.30	Smallworld product strategy for next generation telecommunications network transformation Moderator Mike Quarmby, GE Energy SPIEGEL ROOM					
15.30 - 16.00	Exhibition & Coffee - WINTERTUIN					
	Utilities Session Moderator Ingo Denkwitz	Comms Session Moderator Mike Quarmby	Mobility & Workforce Management Session Moderator Ron Howard	Technology & Development Session Moderator Michael Porrmann	Hands-On Workshops	Hands-On Workshops
	KROON ROOM	SPIEGEL ROOM	AURORA ROOM	WILHELMINA & JULIANA ROOM	EMMA ROOM	BEATRIX ROOM
16.10 - 16.50	PowerOn fusion and Enhancing DMS / GIS Integration by Andrew Matt, GE Energy	Fibre optic GIS (FOGIS) project at Romtelecom by Daniel Constantin, Romtelecom	What's New in the FieldSmart Mobile Framework A Preview of Release 4.3 by Ron Howard, GE Energy	Migration to ALKIS and Allocation of Geo Data Products via an e-Commerce-Application by Heinrich Toben, Ubisense	Gas Distribution Office Hands-On Workshop 1 GE Energy	Smallworld GeoSpatial Analysis Hands-on Introduction Workshop by Naomi Dyton, GE Energy
16.50 - 17.30	Towards the Atlantic Smart Island: The Madeira case study by Agostinho Figuera, EEM & Luis Fatela, Logica	Strategic planning tool for FTTH networks in Smallworld by Peter Laszlo, NETvisor & Attila Mitcsenkov, Budapest University of Technology and Economics	Mobile Mapping at E.ON US; Leveraging FieldSmart Software for Enterprise Scalability at a large Utility by Jason Jones E.ON	Integrating Smallworld GIS and Oracle using Smallworld InSync by Ansgar Brandt, Deutsche Bahn AG	Gas Distribution Office Hands-On Workshop 2 GE Energy	
18.30 - 20.00	PRE-DINNER RECEPTION					
20.00 - 23.00	CONFERENCE DINNER					

## FRIDAY 05 MARCH 2010

07.00 - 08.00	Breakfast - Restaurant de Orangerie					
08.00 - 09.00	SMALLWORLD EMEA EXHIBITION - WINTERTUIN					
	Utilities Session Moderator Ingo Denkwitz	Comms Session Moderator Mike Quarmby	Mobility & Workforce Management Session Moderator Ron Howard	Technology & Development Session Moderator Michael Porrmann	Hands-On Workshops	Hands-On Workshops
	KROON ROOM	SPIEGEL ROOM	AURORA ROOM	WILHELMINA & JULIANA ROOM	EMMA ROOM	BEATRIX ROOM
09.00 - 09.40	Retiring an IT-Jungle - Establishing Smallworld Global Transmission Office as the Central GIS Platform at RRP Marc van den Heuvel N.V. Rotterdam-Rijn Pijpleiding Maatschappij Dr. Stephan Knoblauch Geomagic GmbH	Using GSS to fully integrate Smallworld Network Inventory with OSS at Ventelo by John-Eivind Skogay, Ventelo & Morten Moe, Smallworld Systems AS	Workforce Management at KELAG An FFA Case Study from Austria by Gerald Obernosterer, KELAG Netz GmbH	Expert System for managing road administration by Dietmar Hauling, GIS Consult GmbH	Electric Office Hands-On Workshop GE Energy	SyncManager Advanced Configuration: Tips & Tricks by Paul Meester, Realworld
09.40 - 10.20	The Role of Information Systems in Pipeline Integrity Management by Richard O'Brien, GE Oil and GAS	Supporting the full workflow of an FTTH operator using Smallworld products by Martin Pedersen, Syd Energi	Gas Detection based on Smallworld GIS at Stadtwerke München by Peter Frasch & Achim Wessling, Mettenmeier GmbH	OSS integration services implemented with Geospatial Server by Øyvind Bernsten, Smallworld Systems AS		Managing your Workforce with Field Force Automation Version 9.0 by Ingo Reiniger, GE Energy
10.20 - 11.00	Exhibition & Coffee - WINTERTUIN					
11.00 - 11.40	Post-merger GIS integration objectives & choices by Ed Heidelberg, Vitens	Retiring a legacy system for physical and logical inventory of the fibre network at Deutsche Telekom and migrating it into MEGAPLAN by Andreas Kullmann, T-Systems & Heinrich Toben, Ubisense	Take your maps with you! GDO and Field Information System in G.EN. Gaz Energia by Andrzej Gwizdala, G.EN. Gaz Energia	Smallworld Technology to support Business Processes by Jacqui Cadell, Naomi Dyton, Michael Porrmann et al. GE Energy	Electric Office Design Hands-On Workshop GE Energy	MDT as a reliable IDE for Smallworld Applications Development by Bartłomiej Laczkowski, Astec
11.40 - 12.20	"Call before you dig" self service solution based on SIAS by Gert Hebeltoft, Københavns Energi	Telecom New Zealand - Transforming inventory management to support operational separation and Ultra fast Broadband by Mike Pratt & Ken McGeady, Telecom New Zealand	Smallworld FIS - Examples and Perspectives from Scandinavia by Hannu-Pekka Rantaniemi, Spatialworld Oy			
12.30 - 14.00	Lunch & Exhibition - WINTERTUIN					
	KROON ROOM	SPIEGEL ROOM	AURORA ROOM	WILHELMINA & JULIANA ROOM	EMMA ROOM	BEATRIX ROOM
14.00 - 14.40	GIS from A to Z by Filip Van Rompaey, Infracore	Planning & managing next generation networks in support of the new generation multimedia business by Henrique Zacarias, ZON & Joaquim Redinha, Logica	A revolution in mobile data capturing - FFA featuring Microsoft Infopath by Oliver Schlageter, GE Energy	artère - Providing workflow-driven check-before-you-dig applications on the Web by Sebastian Junghans Grintec GmbH	Gas Transmission Office Hands-On Workshop 1 GE Energy	GSS Workshop by Jacqui Cadell, GE Energy
14.40 - 15.20	Network Analysis and Optimisation by Markus Poeller, DlgSILENT	Geospatial business intelligence implemented at Tata DOCOMO by Prasanta Saha, Tata Consultancy Services	FFA / SAP integration based on SAP PI - experience and practice by Manuel Weindorf, GE Energy	Dial before you dig - Online Map Information based on SIAS by Achim Wessling, Mettenmeier GmbH	Gas Transmission Office Hands-On Workshop 2 GE Energy	
15.20 - 16.00	Telco Solutions for utilities by John Turner, GE Energy	Data Migration Challenges and solution for Unified GIS by Mallikharjuna Rao, Infotech	Speaking' to your GIS with natural voice - Mobile Data Capturing with Ease by Bertram Stoll, SmallCases	Project experiences with the integration of SAP and Smallworld by Klemens Weinert, ITS GmbH	Water Hands-On Workshop GE Energy	Field Force Automation enabling the "Predictive Enterprise" - FFA Forecasting and Planning by Ingo Reiniger, GE Energy
16.00 - 16.20	Maintenance and Support					
16.20 - 16.45	Closing Remarks & Outlook by Martin Ansell					

PLEASE NOTE AGENDA IS SUBJECT TO CHANGES
